

The inexpensive wall

Better
Homes
as featured on and Gardens

**Tired of Colorbond and timber fencing?
Don't want the cost and time of building
a masonry wall? Modular Walls are the
lightweight modern alternative that is
economical and quick to erect.**

No brick layers, No excavation, No hassle!

- No expensive strip footings means the job takes only days, not weeks to complete.
- Acoustically tested - Provides great noise insulation, keep the neighbours and the road noise at bay.
- Choose your own tailored finish from a simple acrylic paint, a Tuscan style render or decorative aluminium infills.
- Add a letterbox, lighting, security cameras or create a feature panel.
- Available in standard heights from 600mm to 5.1m.
- Perfect for sites that would normally be unsuitable for masonry walls.
- Easy DIY Installation.

To view our extensive range of Garden walls, Barrier walls and Commercial Noise Barriers, their features and specifications go to our website or call the number below.
